Hard Skill

- Python
- Java
- C
- MySql
- Html, CSS, Java Script

Soft Skill

- Observation
- Decision making
- Communication
- Multi-tasking

Education Background

- Federal Institute of Science And Technology
  BTech in Computer Science and Engineering
  October 2022 - Present
  APJ Abdul Kalam Technological University (9.09 Sgpa)

- Bharathiya Vidya Bhavan at Kodungallur
  High School in Computer Science
  August 2020 - May 2022
  Central Board of Secondary Education (91%)

About Me

Computer Science and Engineering student in the second year of B.Tech at APJ Abdul Kalam Technological University (KTU). Proficient in Python, Java, C, MySQL, HTML, CSS, and JavaScript. Enthusiastic coder with a focus on problem-solving and a keen interest in crafting innovative side projects. Actively volunteers for various technical societies, contributing to event organization and execution. Committed to continuous learning and seeking opportunities to apply and expand skills in practical settings.

Professional Experience

APJ Abdul Kalam Technological University
October 2022 - Present

Computer Science and Engineering student at APJ Abdul Kalam Technological University, pursuing B.Tech. Proven leader in IEEE, adept at organizing and conducting events, including coding competitions. Strong academic background, excelling in coding challenges. Effective collaborator with excellent communication skills. Committed to personal and professional growth.

Volunteering

V-Fiesta 2.0
IEEE PIE Kerala Section
September 2023 - October 2023

Volunteered for V-Fiesta 2.0, a dynamic 2-day national event organized by IEEE PIE Kerala Section in collaboration with IEEE Fisat SB. Contributed to the success of the event, which focused on empowering students and young professionals in the field of entrepreneurship. Engaged in diverse responsibilities to ensure seamless execution, fostering an environment conducive to skill enhancement and networking. Played a key role in creating a platform for individuals to level up their entrepreneurial aspirations, contributing to the overall success of V-Fiesta 2.0.

Edge+ 3.0
ACM Student Chapter Fisat
November 2023 - November 2023

Volunteered for Edge+ 3.0, a flagship 2-day event by ACM Student Chapter Fisat. Contributed to its success by organizing technical sessions and workshops, fostering an environment for participants to engage with the latest technologies. Played a key role in promoting continuous learning within the computer science community.
